Article 6 – (1) The following are prerequisites for applicants:

- a) To meet the conditions listed in clause a of paragraph 1 of Article 5 of this directive.

b) To have obtained the minimum scores specified in the exams listed in the annexe of the directive.

c) For the applicant, not to have attained the age of 25 as of the date of application.

Exams and base scores that can be used in the application

Article 7- (1) Students to be accepted from abroad; In order for them to be admitted to university programs, the list of national and/or international exams they have taken and the minimum scores they will receive, according to the type of program they have applied for, are also given (Annex -1).

(2) The validity period of university entrance exams (SAT, etc.) is 2 (two) years. If necessary, this list (Annex -1) is renewed by the Senate.

(3) Exams in the status of high school graduation exams are valid indefinitely (ABİTÜR etc.).

(4) Candidates who have a score that is not included in the list given in Annex 1 can also apply together with the documents promoting the score type. Equivalence transactions in this regard are carried out by the commission.

(5) The base scores of the exams in the table in Annex-1 can be changed with the decision of the Senate.

(6) Priority is given to those who have received gold, silver and bronze medals from the international science Olympics recognized and attended by TÜBİTAK.

Student Quotas

Article 8- (1) The quotas for international students to be taken for the relevant year for the departments that provide associate degree and undergraduate education at our University, approved by the Higher Education Council for the admission of foreign students from abroad, are decided by the University Senate with the recommendation of the International Student Coordinators and published in the guide issued by OSYM. It is submitted to the Board.

(2) In case the Senate decides to fill the vacant quotas with additional placement due to no applications for the quotas and/or no registration of the placed candidates, the above provisions shall apply.

(3) The University is free to fill the announced quotas or not. When necessary, the quota is transferred between programs.

Application principles

Article 9- (1) The application requirements, application dates, documents to be requested in the application and the quotas approved by the Higher Education Council are announced on the website of the University on the dates determined in the academic calendar.

(2) Applications are made to the University Registrar's Office on the dates specified in the announcement personally, by mail or online. For applications to be made by mail, the deadline for evaluation is taken into account. In applications made by mail, application documents received after the application deadline will not be processed due to postal delays. The application fees of the candidates who withdraw their applications after the application to the university and those who cannot be placed in any program are not refunded. The information provided in the applications made online is considered correct, but the registration procedures of those who are found to have given misleading and false information during the evaluation and final registration or at a later date will be cancelled.

(3) International student candidates can apply to a maximum of 10 programs. Placement is made according to the candidate's preference priority.

(4) International student candidates must be graduate or senior students in order to apply and make a choice.

(5) Pre-registration of international student candidates who apply to programs that accept students with a Special Talent Examination is taken if they are accepted in the relevant program. If these candidates are successful in the Special Talent Exam to be held by the relevant unit, final registration is made.

(6) The locations and dates of the international student admission exams are determined by the International Student Coordination Office. Exam fees are determined by the university administrative board and deposited into the relevant account to be opened for international students.

Evaluation of applications

Article 10 – (1) Applications of students applying to the University from abroad are evaluated by the relevant commission and submitted to the approval of the board of directors of the unit.

(2) In the evaluation of the applications, criteria such as the success of the candidate in national/international examinations, diploma grade, and the place of the graduated school in the national and international rankings are taken into consideration.

(3) Candidates who apply to programs that admit students with a special talent exam must also be successful in the Special Talent Exam to be held by the University.

Evaluation of the applications is made according to the issues specified in the special talent examination directive of the relevant units.

(4) The commission determines the main and substitute candidates as much as the number of quotas from among the candidates whose qualifications are suitable.

(5) If the diploma and achievement scores are equal according to the principles set in Annex-1, which is the basis for the evaluation, the younger candidate is preferred.

(6) As a result of the evaluation, the other preferences of the candidate who is placed in one of his/her preferences as a primary or substitute are not taken into consideration.

(7) The scores of students with different diploma score types are evaluated by converting them into a hundred (100) system.

(8) Meeting the application conditions does not guarantee admission to the program.

(9) Candidates accepted to undergraduate programs are sent an official acceptance letter to the e-mail addresses they declared to the Registrar's Office during the online application so that they can obtain a visa.
